GLOBAL

Our Global storage collection does more than simply offering order and storage in the office. It manages to centralize all efforts to direct the organization towards efficiency. Take the first step towards success and let it reflect in your spaces.

Face new challenges and evolve your processes with the certainty of knowing the exact location of your important documents. Made with the highest quality and durability, each piece of the Global collection provides a unique solution.

LATERAL FILE CABINET

GLOBAL

Furniture color may vary from renderings.

Technologically adapted and with a design that promotes a wide storage capacity. With the storage system offered by Global file, create the perfect condition in your personal space and use them to complement each workstation. Or place them in rows next to each other for wide configurations in collaborative offices.

Able to adapt to the needs of endless turns, you can choose from versions with 2, 3 or 4 drawers.

We developed an anti-flipping system, which helps avoid opening two or more drawers simultaneously to which ensures balance and stability at all times.

METAL COMBO FILE

GLOBAL

1 DOOR, 3 DRAWER

4 DRAWER

Different sizes, different quantities. The perfect piece for elevating the multifunctionality of your workstation. Made to the highest quality standards and including a useful anti-flip system, the metal combo file will quickly become your best ally.

CABINET

GLOBAL

Spacious and resistant. The Global cabinet gets storage area you need.

Define the aesthetics of your office and reinforce it with your furniture. Thanks to its full doors, keeps clutter at bay.

Our wardrobe offers professional and complete solutions via resistant and robust interiors without sacrificing aesthetics.

Protect your most confidential documents securely or keep accessories out of view to promote order without distractions.

WARDROBE

GLOBAL

2 DOORS, 2 DRAWERS

GLOBAL

Provide your company with a secure and durable solution for storing important work documents and objects. Our cabinet has two doors at the top that keep the contents hidden, and two drawers at the bottom that give easy access to files, and personal items.

Both spaces are created to store and secure items, allowing to always keep them close to you. Add functionality to private offices or create a joint storage furniture configuration.

2-DOOR METAL CABINET

GLOBAL

Storage problems? Here's the answer. How a company organizes is usually the difference between success and stagnation. Quickly finding documents, necessary equipment, or the right tools will be the cornerstone of order and optimization of time.

Meet our Urban 2-Door Metal Cabinet, versatile, elegant, and resistant. It can be placed in private or collaborative offices thanks to its dimensions.

OPTION WITH LAMINATE TOP

Greater use of areas and display. The storage system provided by the open bookcase keeps everything in sight and speeds up operating times in the office.

Easily access any product or document that is on the shelves. Add an industrial touch to the aesthetics of your organization, and select between the dimensions and quantity of shelves to create the perfect configuration for your needs.

To satisfy the specific needs that other storage pieces can not, we created a bookcase with two shelves and two drawers.

It's the perfect combination of open-style and hidden storage. Add an attractive focal point to your office layout and make the most of every space. Use its shelves as display area, while its drawers allow you to keep important documents and stationery sheltered from outside eyes.

Strength and attractive design. Facilitate tasks in your work area. Ideal for private or collaborative offices, learn about the characteristics of Global bookcases and optimize your spaces.

METAL LATERAL FILE

MOBILE PEDESTALS

CUSHION TOP

(one or two drawers)

A practical addition that transforms our file cabinets into functional and flexible seating.

LAMINATE TOP

(three or four drawers)

A sleek and modern look that expands the cabinet's utility, making it an excellent choice where both storage and workspace are essential.

BF PEDESTAL WITH CUSHION TOP

Use it as an extra seat in case you have visitors, and customize the color of the top cushion to match the rest of the design of your office.

FF/BBF PEDESTAL WITH LAMINATE TOP

Keep everything at your fingertips. Slide it under your desk and save space while increasing productivity.

GUIDELINES

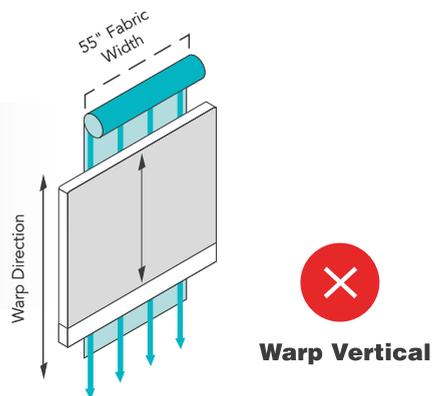

Fabrics that are **patterned, textured, or have sheen** can have a **distinctly different appearance if applied in different directions on chairs or panels**. Because of these differences, as well as width limits to how some fabrics can be applied to Gebesa products*, it is important to understand fabric applications.

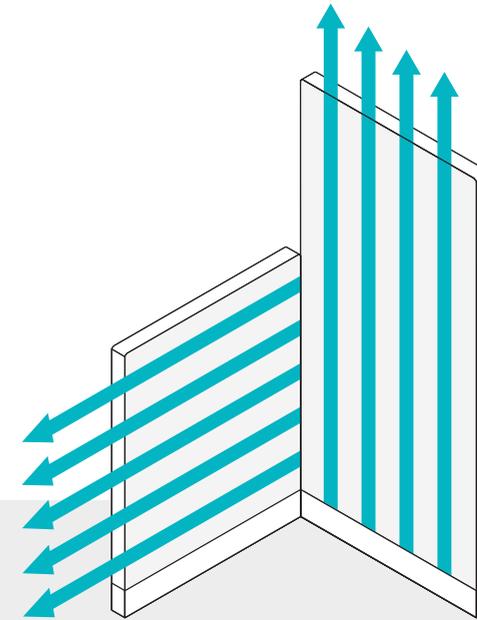

Fabrics **cannot be applied warp horizontal/railroaded** on panels with a **height greater than 48 inches** because panel height is greater than fabric width.

Fabrics **cannot be applied warp vertical** on panels with a **width greater than 48 inches** because panel width is greater than fabric width.

Gebesa is not responsible for charges associated with replacement or reupholstering of products due to incorrect fabric specifications.

The combination of tall panels (height of 55 inches or more with warp vertical/off the roll) with short panels (height of 45 inches or less with warp horizontal) results in fabric patterns running in opposite directions.

The following options are available:

- Use solid or non-directional fabrics. (Various Gebesa fabrics are noted as "non-directional.")
- Specify warp vertical/off the roll application for fabrics that are standard warp horizontal.

If you require warp vertical and it is not standard for your fabric choice, you must specify the warp vertical option on each line of the order.
